Accept Allotment of seat:

1. The registered candidates who have completed choice filling and document uploading will be considered for allotment of seats as per merit & category of the candidate. The allotment will be made against one seat & the allotment of seats will be purely provisional.
2. The candidates who get the seat allotment must accept it through the portal.
3. If no seat is allotted, the eligible candidates will automatically be considered in the next counselling.
4. If a candidate does not accept an allotted seat within the specified time period as mentioned in the schedule, his/her candidature will be forfeited from the entire admission process and will be omitted from the entire counselling process as well.

Allotment letter:

5. In order to download the provisional allotment letter, candidates must sign the acceptance letter generated at the time of accepting the allotment and upload it to the portal.
6. If a candidate wishes to exit from the counselling process he may do so by selecting the appropriate option, in that case, his/her candidature will be forfeited for the entire counselling process. However, the candidate must have to submit an undertaking.

Report to the Colleges:

7. The candidates must visit the allotted colleges with the required documents for physical verification. Colleges will check and verify their documents physically. Any document deemed ineligible may be rejected by the college, and the candidature may be forfeited from the entire verification process.
8. If a candidate accepts the allotted seat but does not report to visit the institution for document verification within the specified time, his/her candidature will be forfeited from the entire counselling process.

Document verification & Fee payment:

9. The candidates have to visit the allotted colleges with the required documents for physical verification only on the 1st allotment. Candidates who receive seat allotments in the ASTU-affiliated colleges must get their documentation validated once and for all. But the same candidate who receives a seat allotment at Gauhati University must visit separately for document verification, and vice versa.
10. The candidates must pay the token fee of Rs.10000/- at the time of reporting at the college where they get the 1st seat allotment.
11. Candidates who choose a better option won't have to pay the token fee each time they are allotted a seat. They will have to pay the college 10% of the total fee amount when they finally freeze their seats and take admission.
12. Candidates having discrepant documents (PRC/NCL) may be considered provisionally verified, but the candidate will have to make the discrepancy correct within the specified time, visit the college for verification of the discrepant documents and regularize his/her admission where the candidate gets the latest seat allotment.
13. Document Verification will be done at the institute level at the time of reporting. The checklist of documents for document verification is mentioned in **Annexure – I**
14. If the data entered in the online portal do not match with the original documents during physical verification, then his/her candidature will be rejected for that round. The competent authority will do the correction of the data of the candidate. It may be considered for the next rounds with corrected data if the candidate fulfils the eligibility criteria.
15. The detail of the fees to be submitted on the day of verification is **Rs. 10,000** as token money from the candidates which will be adjusted later on at the time of final admission.
16. The hostel and mess expenses will be collected at the college level after the allotment of the hostel to the candidates as per prescribed rates/guidelines.
17. There may be spot counselling only in those colleges where a vacancy arises after counselling is over.

The next college can retrieve the documents from the portal itself.

3. Candidates getting new seat allotment under upgradation must accept the newly allotted seat. Because, once a new seat is allotted to a candidate his/her previous seat will automatically be cancelled. However, until the discrepant documents are verified, his/ her verification will continue to be provisional.
5. The candidates who have been verified provisionally to an institution and still have not received the required documents but want to go for further upgradation he can do so by selecting the auto upgradation option. Then the candidate has to submit a self-declaration through the portal without going personally to the institution stating his/her inability to procure the required document. In that case, the verification status of the candidate to the upgraded institution will also remain provisional.
6. If a candidate gets an allotment after opting for better options in another institution and accepts the allotment accordingly, the previous allotment will be cancelled automatically on receipt of the verification confirmation from the new institution. The candidate need not have to pay the fee again.
